CATALOGUE

Spring, 1904

**Greenhouse and
Bedding Plants**

**Flower Seeds and
Vegetable Seeds...**

GEO. H. MASS,
Florist and Seedsman
Woodstock, Vt.

MAIL ORDERS.

SEEDS. Vegetable Seeds in packets and ounces will be forwarded postage paid to any postoffice in the United States, at prices quoted in this catalogue; on peas and beans, add 5 cents per pint and 10 cents per quart; and on corn add 4 cents per pint and 8 cents per quart, for postage.

PLANTS. Small plants selected from this catalogue will be sent by mail if so desired, postage paid. But we would advise our customers to have plants shipped by express, as larger and better plants can be sent, and extras will be added to cover express charges. We are careful in our shipment of plants. Plants offered by us are carefully grown, and are strong and healthy. We make no charge for packing, boxing, etc, and pack as lightly as possible, so as to reduce cost of carriage.

REMITTANCES may be made by bank draft, post-office or express money order, or registered letter. Orders from parties unknown to us will be sent C. O. D., unless accompanied by satisfactory reference.

WHEN ordering seeds or plants by mail you are requested to be particular to write your name, post-office, county and state, plainly, as delays are occasioned by such omissions.

ROSES, Tea, Everblooming.

The roses mentioned below are admirably adapted for outdoor planting during the summer months, and with proper cultivation will furnish a continuous supply of beautiful flowers. They are also equally well adapted for forcing or house culture during the winter months.

Baldwin or Helen Gould. Of strong growth, with large, handsome foliage, flowers of the fullest form and of the largest size, color a bright, glowing carmine, and very free flowering.

Champion of the World. Quite hardy and possesses that delicious old-fashioned rose fragrance so much sought after in an everblooming variety; color of a bright rose.

Duchess de Brabant. Soft rosy flesh tint. a good bedding variety.

Enchantress. Of vigorous growth, fine foliage, flowers large, globular, produced in immense clusters. The color is creamy white, slightly tinted with buff in the center.

Francis Dubreuil. This is a grand, new red rose. The color is a deep vivid crimson with rich, velvety shadings. Fine for open ground planting.

Golden Gate. A strong, healthy grower, excellent for both bedding and house culture, produces a profusion of long, pointed buds, opening to very large double roses of shell pink shading to creamy flesh on outer petals.

Gruss an Teplitz. A fine bedding rose, of free growth and beautiful foliage, flowers of bright scarlet, shading to deep, rich velvety crimson, are produced freely; very fragrant.

Madame Eli Lambert. Color rich creamy white, faintly tinted with pale golden yellow, exceedingly beautiful and very sweet. A constant and profuse bloomer.

(Everblooming Roses, Continued.)

Madame Abel Chatenay. This is a strong, healthy growing variety, with rich, bright foliage, flowers large and full and of a beautiful creamy rose, shaded with rose vermillion and tinged with salmon. A good bedding rose, as it is a profuse and continuous bloomer.

Maman Cochet. One of the best new roses. The growth is vigorous, with rich, healthy foliage, the extra large flowers, produced on long stems, are deep rosy pink and are very double and fragrant.

White Maman Cochet, or Priscilla. The finest rose of the year. Like its parent, the growth is vigorous, with rich healthy foliage, producing large, fine flowers of purest white; in fact it is an exact counterpart of the beautiful Maman Cochet and all who have tried it pronounce it the finest cut flower Tea Rose in existence.

Marie Guillot. A pure white tea rose, perfect in form, large and double to the center, grows well and is healthy, splendid for cut flower purposes in the summer.

Perle des Jardins. Rich yellow, of large size and perfect form.

Snowflake. This is a lovely white rose, a pure tea, one of the freest flowering white roses. For a pot plant it cannot be excelled, as it possesses every quality of a pot rose. An excellent bedder.

The Bride. Pure white, long buds, full and double.

The Bridesmaid. Of a rich pink shade.

Price of any of the above, each 10c, doz. \$1.00

ROSES, Hybrid Tea.

The Pearl. Flowers borne in the greatest profusion the entire summer on strong, erect stems of the purest white.

Millefolia Rosea. Finely cut deep green foliage; flowers pink, in dense heads. Well worth growing, both as a border plant and for cutting.

Each 10c, doz. \$1.00

ACONITUM NAPELLUS.

(**Monkshood, or Helmet Flower.**) Invaluable for planting under trees or in shady positions, succeeding better than anything else. Large dark blue flowers.

Each 10c, doz. \$1.00

AQUILEGIA, Columbine.

Assorted.

Each 10c, doz. \$1.00

ASTILBE JAPONICA.

White, plume-like spikes of flowers.

Each 10c, doz. \$1.00

ANTHEMIS, Hardy Golden Marguerite.

This hardy Marguerite is among the most satisfactory summer-flowering perennials, succeeding in the poorest soil and blooming continuously during the entire summer.

Tinctoria. Of dense, bushy habit, with large golden-yellow flowers.

Each 10c, doz. \$1.00

BOLTONIA LATISQUAMA.

A pretty pink flowering sort; very desirable.

Each 15c, doz. \$1.50

CLEMATIS.

Recta. Of shrubby growth, growing about three feet high, with handsome pure white flowers in very large showy clusters, very effective.

Each 25c, doz. \$2.50

CHAMOMILE, True.

Each 10c, doz. \$1.00

CALTHA PALUSTRIS FL. PL.

The double-flowering Marsh Marigold, very pretty.

Each 25c, doz. \$2.50

CHRYSANTHEMUM.

Maximum Triumph. Flowers four inches in diameter, with broad, heavy overlapping petals.

Each 15c, doz. \$1.50

DELPHINUM FORMOSUM.

(**Hardy Larkspur.**) This is certainly one of the handsomest and most satisfactory of all the hardy herbaceous plants and should be planted extensively, even in the smallest garden; its long spikes of bright blue flowers are produced continually, from June until frost.

Each 10c, doz. \$1.00

DICTAMNUS FRAXINELLA, Gas Plant.

A very showy border perennial, forming a bush about 2½ feet in height, having fragrant foliage and spikes of curious red flowers, giving off during hot weather a fragrant volatile oil which explodes when a match is applied to it.

Alba. Identical with the above except in color, which is pure white.

Each 15c, doz. \$1.50

DIELYTRA SPECTABILIS, Bleeding Heart.

Adapted for outdoor planting, doing splendidly in semi-shaded positions. It bears long racemes of graceful heart-shaped pink flowers. Each 15c, doz. \$1.50

HARDY ASTERS.

(Michaelmas Daisies or Starworts.) These are among the showiest of our late-flowering hardy plants, giving a wealth of bloom at a season when most other hardy flowers are past.

Novæ Angliæ. Large bluish purple.

Novæ Angliæ Rubra. Bright rose-colored flowers.

Snow Flake. A compact growing, very late, white flowering variety. Each 15c, doz. \$1.50.

FUNKIA, Plantain Lily.

Cœrulea. Blue, broad green leaves.

Alba. Pure white, lily-shaped, fragrant flowers; borne in large clusters.

Variegata. Green and white foliage, with purple flowers. Each 15c, doz. \$1.50

GYPSOPHELA PANICULATA, Baby's Breath.

A beautiful old-fashioned perennial, possessing a grace not found in any other perennial, and attracting the eye of every one. When in bloom it forms a symmetrical mass 2 to 3 feet in height and as much through, of minute white flowers, forming a beautiful gauze-like appearance. For cutting purposes it is exquisite, especially in combination with high-colored flowers.

Each 15c, doz. \$1.50

GERMAN IRIS, Iris Germanica.

These are neat, robust, hardy, herbaceous, early-blooming plants, with large ornamental flowers of rich and elegantly blended colors, exquisitely striped with dark violet, purple or bronzed lines, upon a lighter ground.

Assorted, each 15c, doz. \$1.50

JAPANESE IRIS.

These magnificent Iris are among the most beautiful of our summer-flowering plants. They commence blooming about the middle of June and continue in bloom for five or six weeks. Many of these flowers are from 10 to 12 inches in diameter, and rival the orchids in their rich colorings and markings. While the Iris succeeds in almost any soil and under any conditions, they delight in a rich, deep, wet position, and should be abundantly supplied with manure and water.

Named varieties, each 25c, doz. \$2 50

Choice mixed varieties, each 15c, doz. \$1.50

HELIANTHUS, Hardy Sunflower.

Multiflorus Fl. Pl. (Double Hardy Sunflower). One of the most useful perennial plants in cultivation. It is perfectly hardy and produces its large double dahlia-like golden-yellow flowers in the greatest profusion the entire summer and fall. Each 15c, doz. \$1.50

HEMEROCALLIS FLAVA, Yellow Day Lily.

A most useful and desirable herbaceous plant producing its large golden-yellow flowers during July and August in the greatest profusion; the plants grow about 3 feet high. Each 15c, doz. \$1.50

HARDY GARDEN PINKS.*

Dwarf, hardy pinks, bearing double flowers of rich colors and possessed of the true clove scent; they winter better if protected. Six best varieties.

Each 15c, the set of six for 75c

LILIUM.

Auratum. (Golden Banded Lily of Japan.)	Each 15c
Lancifolium Album.	Each 20c
Lancifolium Rubrum.	Each 15c

PÆONIA, Pæony.

Herbaceous. Assorted.	Each 25c, doz. \$2.50
------------------------------	-----------------------

PAPAVER, Poppy.

Nudecaule. (Iceland Poppy).	Each 10c
Oriente. Flowers orange-scarlet.	Each 15c

PHLOX.

Hybrida. Assorted, early and late flowering varieties.	Each 15c, doz. \$1.50
---	-----------------------

RUDBECKIA, Cone Flower.

"Golden Glow." A plant that should find a place in every garden. It is of fine habit and vigorous growth, attaining a height of from 4 to 6 feet, and begins to flower early in the season, and continues until late in the fall. The flowers are produced in enormous quantities on long stems, and as a cut flower for vases, etc., it has no equal.	
	Each 15c

HARDY CLIMBING PLANTS.

Ampolepsis Veitchii. Boston Ivy, or Japan Ivy.	Each 25c
Ampolepsis Quinquefolia. Common Woodbine, or Virginia Creeper.	Each 20c
Clematis Henryii. A cream white large flowering variety.	Each 40c
Clematis Jackmanii. Color, dark rich purple.	Each 40c
Clematis Duchess of Edinburgh. Double flower, white	40c
Clematis Paniculata. Strong, rapid grower, flowers white and fragrant.	Each 20c
Celastrus Scandens. (Bitter Sweet.)	Each 25c

Hardy Shrubs.

BERBERIS.

Thunbergii. Handsome foliage and solitary flowers; low-growing, one of the best shrubs.

Vulgaris. Upright bush and fragrant flowers, fruit deep red.

Vulgaris, Var. Purpurea. Purple leaved. Each 25c

CHIONANTHUS VIRGINICA, Fringe Tree.

Foliage dark green, glossy and pure white feathery flowers. Each 50c

HYDRANGEA PANICULATA GRANDIFLORA.

Flowering in August and September. Each 25c, 50c, 75c

LONICERA TARTARICA.

(Bush Honeysuckle), White and pink varieties. Each 25c

PHILADELPHUS, Syringa or Mock Orange.

Coronarius. Pure white flower, fragrant. Each 25c

Gordonianus. Flowers large, white, and produced late. Each 25c

PYRUS, JAPONICA.

Japan Quince. Each 25c

SPIRÆA, Meadow Sweet.

Prunifolia Fl. Pl. (Bridal Wreath). Double pure white flowers on the entire length of the smaller twigs. Each 25c

Opulifolia Aurea. Splendid golden-leaved variety. Each 35c

Van Houttei. Foliage rich glossy green; flowers pure white, in dense clusters along the whole length of the branches; one of the finest ornamental shrubs. Each 25c

SYRINGA, Lilac.

Vulgaris (Common Lilac). Fragrant purple flowers in large clusters; one of the best.

Vulgaris Alba. (Common White Lilac). Each 25c

VIBERNUM OPULUS STERILIS.

(Common Snowball.) Large, white, globular flowers. Each 25c
